1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

I do not believe Edmonton should ever sell off Monopolistic public utilities, let alone in secret.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

Again, I do not believe Edmonton should ever sell off Monopolistic public utilities, regardless of who is involved.

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

If I am elected, this is the second item to be brought to the table, right after the Municipal Airport sale is stopped until there is a plebiscite.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

I also want the portion sold back, and if in investigation shows there was a criminal conflict of interest, I want police charges laid.

No Response

1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

Theres hould have been public consultations.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

Transparency is very important in such a big issue.

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

We need to correct what has gone wrong in the sale of the Epcor's generating assets.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

I will form a Truth Commission and submit the report to the public.

1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

I am unsure what, if any, consultations took place. I know some on Council did not support this sale.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

Core services require management and control by the City, not private corporations.

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

Assuming the information contained in your letter is all correct and not skewed. I need more information and confirmation but you now have my attention.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

As previously stated, core services need to be retained under control of the Municipality. Safety and service of core services outweigh corporate profit.
