1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

I want making of decisions concerning any large municipal asset, such as Epcor or city centre airport, to be open to public scrutiny. Those decisions should take into account public opinion.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

Independant investigations should be done prior to decisions to sell, so as to gain a full picture of what the consequences of decision making would be.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

As city councillor, I will do everything I can to maintain and develop important assets that would benefit Edmonton ex. electrical generators, water treatment, ECCA.

1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

I believe civic government should be open and transparent. I do not believe in closed door meetings. This was an extremely important decision for the City - citizens should have been consulted.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

Again, I believe that citizens have a right to be consulted and informed of decisions. This is how our elected representatives are accountable to us, the voters.

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

Yes, I am very concerned that this decision happened behind closed doors. I would most definitely support an independent investigation.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

I believe that core public services and utilities should be provided by the City and owned by the taxpayers, with City employees. This way, the City remains accountable to the taxpayer for services provided.

1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

As the utility is owned by the city and is considered a asset that the citizens of Edmonton own the public should have been involved providing tranparancy regarding the transaction

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

The citizens own it not city council

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

Having control or majority control allows the city to set the rates decide where money should be spent or directed to either upgrade or replace aging assets as needed

1. I believe the decision to sell off Edmonton's electrical generating assets should not have been made in secret without public consultations.

Yes

I believe that the people of Edmonton should have been fully informed of the issue. I also think that on major issues with significant costs or assets at risk, there should be a public vote.

2. As a representative of the Citizens of Edmonton who are the sole shareholder of EPCOR, I will not support the sell off of any other assets (electrical transmission, water, waste water) that serve the citizens of Edmonton, without full public consultations

Yes

I believe that thorough public consultations should be held as well as plebiscites on major issues like the asset sale by EPCOR.

3. I believe the next City Council should have an independent investigation of the decisions surrounding the sell off of our electrical generating assets, as provided for in the Unanimous Shareholders Agreement with EPCOR

Yes

I believe in transparency, accountability and open decision making.

4. As a city councillor, I will do everything in my power to explore how the City can maintain ownership and control of the electrical generating assets that serve the Citizens of Edmonton.

Yes

The people of Edmonton have been served well by owning EPCOR and its generating assets.
